Technology used

- **WHY FLUTTER +DART??**

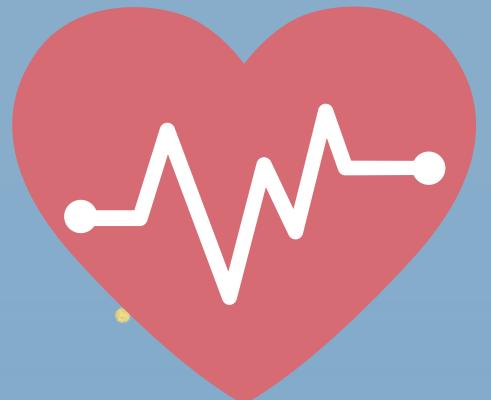

1. . Performance
2. Development Time
3. Cross-Platform Compatibility
4. Community Support

- **WHY FIREBASE??**

1. Real-time database
2. Authentication
3. Analytics
4. Cloud Functions

Scope of Project

Health and
Wellness

Education

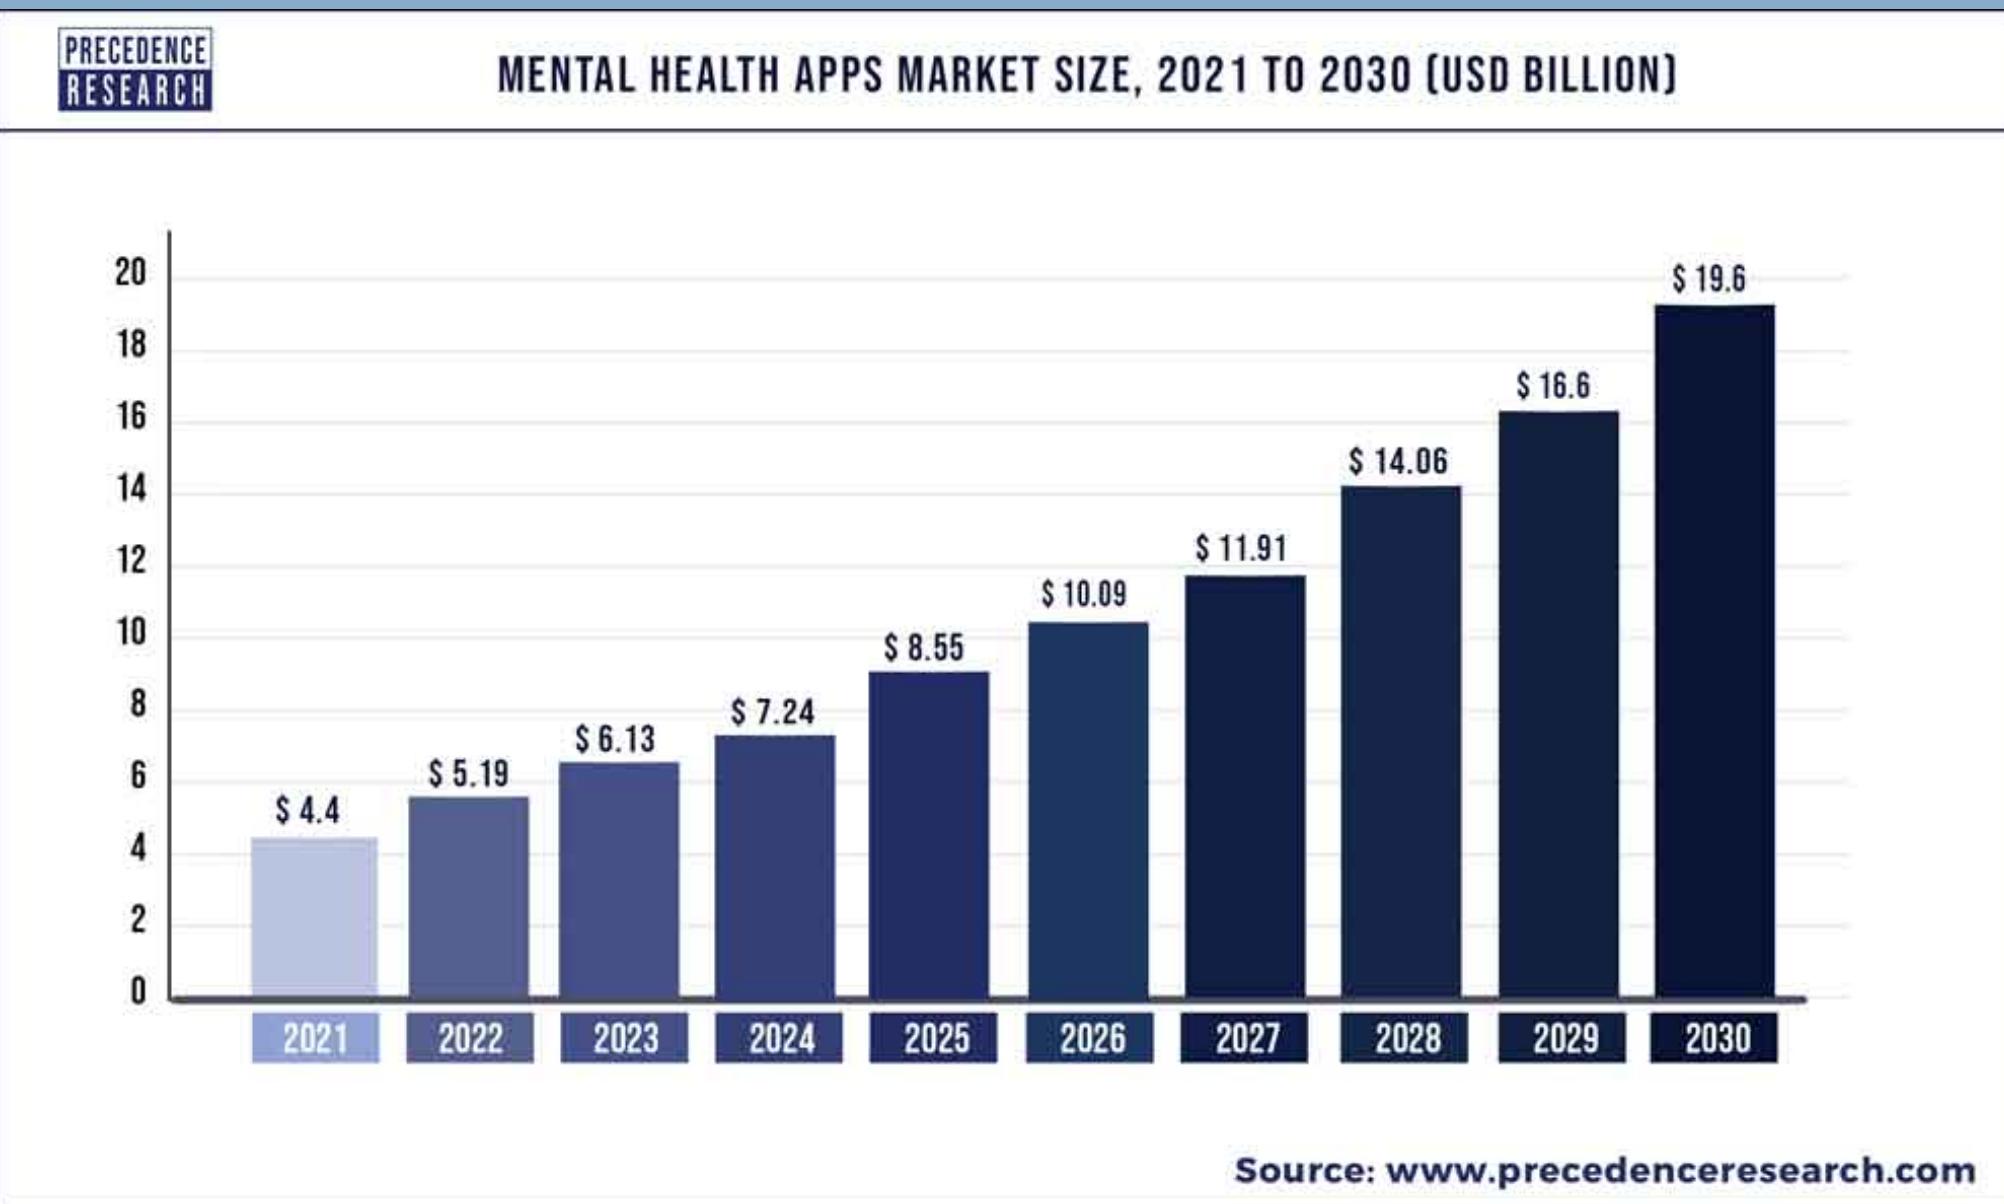

Workplace

Personal Development:

Market Analysis

- According to a report by Grand View Research, the global mindfulness meditation apps market size was valued at **USD 605.4 million in 2020** and is expected to grow at a compound annual **growth rate (CAGR) of 27.4% from 2021 to 2028**.
- In addition, the **COVID-19 pandemic** has further accelerated the demand for meditation and mindfulness apps as people seek ways to cope with the stress and uncertainty of the situation.

Features of Application

- 1. Separate categories for guided meditation**
- 2. Integration of Music, Multimedia and books at one place.**
- 3. Allows building community to connect with like minded people.**

“

Project Demonstration

A background featuring a large, abstract blue and white wash with irregular edges. Scattered throughout are numerous small, gold-colored circles of varying sizes, some with intricate, organic patterns resembling leaves or petals. Two prominent, semi-transparent gold geometric shapes frame the text: a hexagon on the left and a triangle on the right, both composed of thin gold lines.

THANK YOU
